REPORTS

IN HONOR OF

1990

This year, the Town of Jaffrey wishes to dedicate their Annual Town Report to Mr. Richard A. Grodin. After 13-years of service, he has stepped down as a member of the Jaffrey Planning Board.

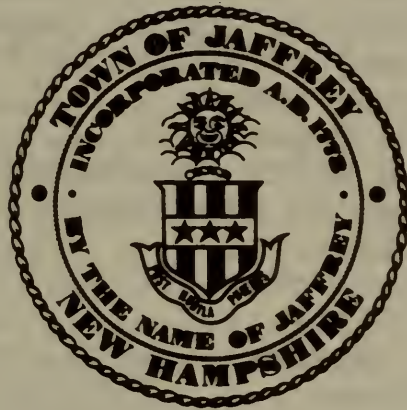

- First appointed in 1977
- Served as Secretary in 1978 and thereafter as needed
- Served as Chairman from 1978 to 1982 and as Chairman Pro Tem and as Vice Chairman as needed

The energy and sense of responsibility Mr. Grodin brought to his "serving" played an important role in enhancing the quality-of-life in Jaffrey. He has consistently strived to make our town a better place to work and live.

To him our thanks, through the dedication of this, our

STATE OF NEW HAMPSHIRE
TOWN OF JAFFREY
1990 ANNUAL TOWN MEETING MINUTES

To: The inhabitants of the Town of Jaffrey, in the County of Cheshire, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Ernest J. Pratt Auditorium in said Jaffrey on Tuesday, the 13th of March next, at nine o'clock in the forenoon (polls close at 7:00 pm) to vote for the Town Officers and to act on other questions required by law to be decided by official ballot. Pursuant to RSA 39:2a and the vote of the Town at adjourned session of Town Meeting on March 13th, 1979, the business meeting will be recessed until ten o'clock in the forenoon, Saturday March 17th, 1990, at which time the Town will act on all subjects described in the following Warrant Articles except those requiring action by Official Ballot:

Art. 1. To choose the following Town Officers: (By Official Ballot)

Moderator - 2 Year Term - Marc P. Tieger
Chief Engineer/Fire Dept. - One Year Term - Donald K. Sawtelle
Treasurer - Three Year Term - Francis R. Chamberlain
Selectmen - Three Year Term - William G. Elliott
Trustee of the Trust Funds - Three Year Term - William C. Arthur
Library Trustees - Three Year Term - Jean B. Page
Supervisor of Checklist - Six Year Term - Kathleen Robinson
Town Clerk - Three Year Term - Maria Whitney

Recessed until March 17, 1990 at 10:00 a.m. The hour of 10:00 a.m. having arrived, the acting Town Moderator, Philip J. Cournoyer, reconvened the annual Town Meeting of the Town of Jaffrey.

The Pledge of Allegiance was led by the Boy Scouts and an invocation was said by Bernard J. Hampsey, Jr.

Bob Potter was recognized. He spoke briefly about the sounding board hand outs and encouraged people to volunteer their time and talents for the good of the community.

The Moderator then proceeded to explain secret ballot procedures by quoting the RSA, and the general rules and procedures of Town Meeting.

The following resolution was read by Selectman Franklin W. Sterling Jr.:

WHEREAS: Ms. Virginia W. Hunt has served with honor and dedication as a member of the Old Burying Ground Committee from 1972 to 1989;

BE IT RESOLVED: That the Town of Jaffrey wishes to express its sincere gratitude and that this expression of our thanks be made a part of the official record of this meeting;

BE IT FURTHER RESOLVED: That a copy of this resolution be sent to Ms. Virginia W. Hunt.

The following resolution was read by Selectman Peter B. Davis:

WHEREAS: Ms. Myrtle J. Hazelton has served with honor and dedication as Supervisor of the Checklist from 1965 to 1990;

BE IT RESOLVED: That the Town of Jaffrey wishes to express its sincere gratitude and that this expression of our thanks be made a part of the official record of this meeting;

BE IT FURTHER RESOLVED: That a copy of this resolution be sent to Ms. Myrtle J. Hazelton.

The following resolution was read by Selectman Jeanne L. LaBrie:

WHEREAS: The Honorable Bernard J. Hampsey, Jr. has served with honor and dedication as Moderator for the Town of Jaffrey from 1976 to 1990;

BE IT RESOLVED: That the Town of Jaffrey wishes to express its sincere gratitude and that this expression of our thanks be made a part of the official record of this meeting;

BE IT FURTHER RESOLVED: That a copy of this resolution be sent to his honor Bernard J. Hampsey, Jr.

The following resolution was read by Selectman Peter B. Davis:

WHEREAS: Franklin W. Sterling has served a Selectman for the Town of Jaffrey from 1987 to 1990 and as Chairman of the Board of Selectmen;

BE IT RESOLVED: That the Town of Jaffrey wishes to express its sincere gratitude and that this expression of our thanks be made a part of the official record of this meeting;

BE IT FURTHER RESOLVED: That a copy of this resolution be sent to Franklin W. Sterling, Jr.

The resolutions were accepted by acclamation.

Art. 2. To see if the Town will vote to raise and appropriate a sum not to exceed Two Million Three Hundred Forty Nine Thousand Three Hundred Dollars (\$2,349,300) for the purpose of purchasing and renovating property currently owned by the New Hampshire Ball Bearings Company (approx. 5.5 +/- acres and 42,000 sq.ft. of building, Map 244, Lot 96) located on Route 124 in Jaffrey. This property to be the site of a new multipurpose municipal office

center. Of the above amount, a sum not to exceed One Million Nine Hundred Ten Thousand Two Hundred Dollars (\$1,910,200) is to be raised through the issuance of general obligation bonds or notes in accordance with RSA Chapter 33 and the Board of Selectmen are hereby authorized to provide for the sale of said bonds or notes and to fix the date, maturities, denominations, interest rate, schedule of payment, form or other details of the bonds and/or notes, and to authorize the Selectmen to expend said sum and to sign such agreements, contracts and other documents and to take such other actions as may be necessary to effect the purposes set forth above, and to authorize the Selectmen to accept and expend any monies that may become available from other sources for the purposes set forth. This article to be effective only upon the adoption of Article 4 herein. (By Selectmen & 2/3 Ballot Required) Recommended by Budget Committee.

Franklin W. Sterling then read a revised Article 2, which is as follows:

To see if the town will vote to raise and appropriate the sum of One Million Three Hundred Forty Thousand Six Hundred Twenty Six Dollars (\$1,340,620), for the purpose of purchasing and renovating property currently owned by the New Hampshire Ball Bearings Company (approx. 5.5 +/- acres and 42,000 sq. ft. of building, Map 244, Lot 96) located on Route 124 in Jaffrey. This property to be the site of a future multipurpose municipal office center. said sum not to exceed One Million Three Hundred Forty Thousand Six Hundred Twenty Dollars (\$1,340,620) is to be raised through issuance of general obligation bonds or notes in accordance with RSA Chapter 33 and the Board of Selectmen are hereby authorized to provide for the sale of said bonds or notes and to fix the date, maturities, denominations, interest rate, schedule of payments, form or other details of the bonds and/or notes, and to authorize the Selectmen to expend said sum and to take such other actions as may be necessary to effect the purposes set forth above, and to authorize the Selectmen to accept and expend any monies that may become available from other sources for the purposes set forth. (By Selectmen & 2/3 Ballot Required) Recommended by the Budget Committee.

Marc Tieger was recognized, and he spoke about the Building Advisory Committee that was formed to make a needs assessment for a multipurpose municipal office building. Others members were also recognized and spoke on the many matters relating to said building.

Frank Monahan, the Director of Bureau of Court Facilities, was also recognized by the moderator. He spoke on matters relating to the leasing of a section of the building for district court.

Hunter Rieseberg, Town Manager, was recognized by the moderator. At which time he made a presentation of what was planned for the future facility.

After some discussion the article was moved and the polls were opened at 12:30 p.m. The polls were then closed at 1:30 p.m. and the ballots were counted. The results were as follows:

Yes - 207 No - 241

Total votes cast - 449, with one being invalid. The article was defeated.

While the polls were open for Article 2, a motion was made to go out of warrant article order. The motion passed by voice vote.

Art. 6. That all reports submitted by Town Officers be accepted as read. (By Selectmen)

This article was addressed by Peter B. Davis

Article was passed by voice vote.

Art. 8. To authorize the Board of Selectmen to sell at public auction any and all property which has been or may be acquired through Tax Sale or Tax Lien. Such public auction to be held after being advertised in a local weekly newspaper for three successive weeks. (By Selectmen)

This article was addressed by Jeanne L. LaBrie.

Article was passed by voice vote.

Art. 11. To authorize the Board of Selectmen pursuant to RSA 39:95-b, to apply for accept and expend any and all federal, or State grants, gifts or funds that may become available during the ensuing year. (By Selectmen)

This article was addressed by Franklin W. Sterling, Jr.

Article was passed by voice vote.

At 1:15 pm, the meeting returned to the normal order of article presentation.

Art. 3. To see if the Town will vote to raise and appropriate the sum of One Million Seven Hundred Fifty Thousand Five Hundred Dollars (\$1,750,500.00), for the design and construction of a 750,000 gallon steel water storage tank and appurtenances thereto. Said storage facility to be located on land(s) to be donated to the Town of Jaffrey by Delcie D. Bean, Jr. While this sum is to be raised through the issuance of general obligation bonds or notes not to exceed One Million Seven Hundred Fifty Thousand Five Hundred Dollars (\$1,750,500.00), this project/bond is to benefit and be funded by water system users. Said bonds/notes shall furthermore be issued in accordance with RSA Chapter 33 and the Board of Selectmen are authorized to provide for the sale of said bonds or notes and to fix the date,

maturities, denominations, interest rate, schedule of payment, form or other details of the bonds and/or notes, and to authorize the Selectmen to expend said sum and to sign such agreements, contracts and other documents and to take such other actions as may be necessary to effect the purposes set forth above, and to authorize the Selectmen to accept and expend any monies that may become available from other sources for the purposes set forth above. (By Selectmen & 2/3 Ballot Required). Recommended by the Budget Committee.

The article was addressed by Jeanne L. LaBrie, after which a technical presentation was made by Rob Pauley, Public Works Director. The polls were opened at 2:20 pm and closed at 3:20 pm. The ballots were counted with the following results:

Yes - 251 No - 108

The article was passed by the required 2/3rds vote.

Art. 4. To see if the Town of Jaffrey will authorize the Board of Selectmen to sell the following Town land; 1) Land and Buildings known as the Jaffrey Town Offices located at 69 Main Street (Assessor's Map 238, Lot 166) containing approximately .37 +/- acres for a sum of not less than \$326,000, 2) Land and Building known as the Jaffrey Police Department located at 6 River Street (Assessor's Map 238, Lot 13) containing approximately .06 +/- acres for a sum of not less than \$113,100. The sale of these properties shall be contingent upon the purchase of property now owned by the New Hampshire Ball Bearings Company as described in Article 2 and the adoption of Article 2 at this Annual Town Meeting. (By Selectmen)

Peter B. Davis moved that the article be passed over due to the defeat of Article 2.

The motion to pass over passed by voice vote.

Art. 5. To raise and appropriate the sum of \$4,065,903 (exclusive of special warrant articles) for the purpose of defraying the cost of Towns operating expenses for the year 1990 as presented and recommended by the Budget Committee.

The article was addressed by Robert Bussiere.

Article was passed without discussion by voice vote.

Art. 7. To see if the Town will vote to adopt the provisions of RSA Chapter 149-I, relative to sewers.

The article was addressed by Franklin W. Sterling, Jr.

Charles Royce was recognized and moved to amend the article. The Moderator ruled the amendment out of order. A discussion to

sustain the Moderator's ruling proceeded for some length and it was moved to vote. A standing count was taken, with the results as follows:

Yes - 130 No - 153

And so the vote to sustain was defeated. After which the amendment was presented as follows:

To see if the town will vote to adopt the provisions of RSA Chapter 149-I, relative to sewers, except that the Board of Selectmen may not enter into any contract with any entity to lease, provide, sell, purchase or accept sewage or waste treatment facilities, improvements or services having a cost of \$50,000.00 or more to any entity. The term "Contract" shall mean any agreement or series of agreements between the Board of Selectmen and any other entity or entities which the parties intend to be construed as a whole, whether expressed in a single document or multiple documents, or any agreement or series of agreements which pertain to one development project or related series of projects. (Presented by Charles Royce)

The amendment was discussed at length. It was moved to vote on the amendment, a standing count was taken due to the division of the voice vote. The results were as follows:

Yes - 144 No - 135

The amendment was passed.

After further discussion it was moved to vote upon the article as amended. A petition to vote on the article, as amended, was made by five present, registered voters; this was confirmed by the moderator who then accepted the petition and so moved on to the vote. The polls were open for a sufficient amount of time. The polls were closed and the ballots were counted, with the results being as follows:

Yes - 143 No - 140

The article passed as amended.

It was moved that Article 18 be presented out of Warrant order.

The motion was passed by voice vote.

Art. 18. To see if the Town of Jaffrey will vote to discontinue and relinquish pursuant to RSA 231:43 all interests of the Town in that portion of a Class Six roadway known as Gibbs Road beginning at the junction of McCoy Road and running southerly 620' linear feet and then turning southwesterly 580' linear feet. (By Petition)

Tom Raleigh addressed the article, after which it was discussed for sometime.

Article was defeated by voice vote.

The hour being 5:00 p.m. It was moved that the meeting be adjourned until March 31, 1990, at 9:00 a.m. at Pratt Auditorium.

The motion was passed by voice vote.

RECONVENED SESSION MARCH 13TH, 1990

On March 31, 1990, at 9:00 a.m., at Pratt Auditorium, the Town of Jaffrey reconvened it's annual town meeting. Philip J. Cournoyer continued as moderator. The meeting began with the Pledge of Allegiance and then the moderator proceeded to go over the general rules and procedures.

The Moderator than recognized Selectman Peter B. Davis. Peter B. Davis moved for a reconsideration of action taken at the Town Meeting on March 17, 1990 on Article 7, as amended.

The Moderator then stated the following: "Before ruling on this motion, I wish to refer to "Town Meeting Time - A Practical Handbook of Parliamentary Law" which states "comparative attendance alone is not conclusive - the giving of advance notice that reconsideration is to be moved, the importance of the article, the quantity and quality of the debate, the margin of the earlier vote,.. are all factors for the moderator to consider when tradition gives him discretion to decide whether he will entertain a motion for reconsideration. And so this Moderator allows this motion to reconsider to come to the floor because (1) there has been advance notice of information that creates the presence of compelling circumstance, and (2) and if we do not deal with this issue today - we will likely have to incur the expense and inconvenience of a special Town Meeting."

The Moderator than recognized Selectman Peter B. Davis. At which time Peter B. Davis then explained why the Board of Selectmen felt that there was a need to reconsider Article 7 for three reasons; 1. the closeness of the vote (yes - 143, No - 140), 2. the confusion in the interpretation of what Article 7, as amended, actually means to the Town of Jaffrey and, 3. the legal interpretation that the selectmen had received from Town Council as to what position the article, as amended, put the town in.

Peter B. Davis then asked that Special Town Council, Martin Gross, be allowed to address this issue so that the assembly might know from a legal stand point, what the amendment does to the article.

Mr. Gross spoke at length and the floor was then open for discussion. The Moderator recognized Charles Royce who moved to amend the article, he was ruled out of order.

After further discussion it was moved to vote to see if Article 7 would be reconsidered and rescinded, without the amendment that

was voted upon at the March 17, 1990 session of Town Meeting.

A standing vote was taken. The results are as follows:

Yes - 180 No - 111

And so it was passed that the article be reconsidered in its original form, as follows:

Art. 7. To see if the Town will vote to adopt the provisions of RSA Chapter 149-I, relative to sewers.

Franklin W. Sterling, Jr. moved to vote on the article, and he was seconded. The moderator than recognized Charles Royce.

Charles Royce moved to amend the article, the moderator ruled it out of order. The moderator's decision was not challenged. Discussion than proceeded for sometime. The question was moved to vote. The moderator declared that the vote was to be secret ballot in keeping with how the article was voted upon at the previous session, on March 17, 1990.

The polls were open for a sufficient amount of time. When the polls were closed the ballots were then counted; the results were as follows:

Yes - 219 No - 115

The article passed, by secret ballot, un-amended.

The moderator than recognized Peter Rivard.

Peter Rivard moved to reconsider Article 7, it was seconded by Francis Chamberlain. Peter Rivard explained that the reason for reconsideration was to put Article 7 completely to rest.

The reconsideration was defeated by voice vote.

The moderator than recognized Roberta Bennett. Roberta Bennett requested to move to Article 28. The request was approved by voice vote.

Art. 28. To see if the Town will vote to authorize the Selectmen to layout as a Class 5 Town Highway, a portion of roadway know as Heath Road Extension effective upon completion of the road by the Town of Jaffrey and the Peterborough Savings Bank to Town specifications effective upon the date of subdivision approval creating this roadway with the understanding that no Town funds other than those acquired from the previous owner in the form of a performance bond or other private parties be used to complete this project. (By Selectmen)

Peter B. Davis addressed the article.

A standing vote was taken, the results were as follows:

Yes - 173 No - 88

The article was passed.

The meeting than went back to the original warrant order.

Art. 9. To see if the Town will vote to raise and appropriate the sum of Twenty Five Thousand Dollars (\$25,000) and to deposit said sum into the capital reserve fund established 1989 for the purpose of purchasing a new fire truck for the Jaffrey Fire Department and to amend said Warrant Article (Art. #9) creating this fund so as to designate the Board of Selectmen as Agents for disbursement of this fund. (By Selectmen) Recommended by Budget Committee.

Peter B. Davis addressed the article.

The article passed by voice vote.

Art. 10. To see if the Town will vote to establish a Capital Reserve Fund pursuant to RSA Chapter 35 for the purpose of funding a town wide property revaluation and to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) to be paid into said fund and to establish the Board of Selectmen as agents for disbursement. (By Selectmen) Recommended by Budget Committee.

Jeanne LaBrie addressed the article.

The article passed by voice vote.

Art. 12. To see if the Town will vote to authorize the Town Clerk to collect a motor vehicle registration surcharge, the amount of which is set forth in RSA 261:153 as follows:

\$5.00 for heavy vehicles, including mobile homes and house trailers, heavy trucks and truck-tractors whose gross weight exceeds 18,000 pounds, and buses;

\$3.00 for automobiles, light vehicles including trucks, and commercial motorized vehicles including tractor trailers; and

\$2.00 for special use vehicles including all-terrain vehicles, agricultural and farm vehicles, historic vehicles,

and 2-wheeled vehicles including mopeds, motorcycles, and non-motorized car and boat trailers;

And further, to require the Town Clerk, after deducting \$.50 from each fee to cover administrative costs, to deposit the remainder into a Town Reclamation Trust Fund, which is hereby created pursuant to RSA 149-M:13-a, to be held by the Town Treasurer in a separate account, and to be spent under the direction of the

Selectmen to pay for the collection and disposal of used motor oil, motor vehicle batteries, motor vehicle tires and other motor vehicle wastes from vehicles registered by Town residents; and any excess in the fund may be used for the recycling and reclamation of other types of solid waste. (By Selectmen). Peter B. Davis addressed the article.

The article was passed by voice vote.

Art. 13. To see if the Town will vote to raise and appropriate the sum of Three Thousand Dollars (\$3,000.00) to support the Veterans of Foreign Wars Ambulance Service, or act in any way relating thereto. (By Petition) Recommended by Budget Committee. Jeanne L. LaBrie addressed the article.

The article was passed by voice vote.

Art. 14. To see if the Town will vote to authorize the Selectmen and Treasurer to borrow funds upon the credit of the Town in anticipation of property taxes. (By Selectmen) Franklin W. Sterling, Jr. addressed the article.

The article was passed by voice vote.

Art. 15. To see if the Town will vote to discontinue and relinquish pursuant to RSA 231:43 all interests of the Town in a portion of old Route 202 beginning at Mountain View Drive and running in a southerly direction for approx. 350 linear feet to its junction with present Route 202. (By Selectmen) Peter B. Davis addressed the article.

The article was passed by voice vote.

Art. 16. Shall we adopt the provisions of RSA 72:28, V and VI for an optional veteran's exemption? The optional veteran's exemption is \$100, rather than \$50. (By Selectmen) By Ballot. Franklin W. Sterling, Jr. addressed the article. There was no discussion and it was moved to vote on the article.

The polls were then opened for a sufficient amount of time. The polls were then closed and the ballots were counted. The results were as follows:

Yes - 208 No - 21

The article was passed.

Art. 17. Shall we adopt the provisions of RSA 72:35, IV for an optional property tax exemption on residential property for a service-connected total disability? The optional disability exemption is \$1,400, rather than \$700. (By Selectmen) By Ballot.

Franklin W. Sterling, Jr. addressed the article.

After which it was moved by Herb Bixler that the Town Clerk cast one vote (ballot) in favor of the article. A voice vote was taken

on the motion by Herb Bixler, and the vote passed.

The ballot was cast by the Town Clerk with the results as follows:

Yes - 1 No - 0

Art. 19. To see if the Town will vote for an ordinance giving the Selectmen the power to impose and enforce a fine on anyone impeding, or denying access to the public the full width of the Town roads which border on lakes, ponds, rivers or streams; the penalty being a \$1,000 fine after a 7-day notice, and a \$100 fine each day thereafter until access is restored. (By petition)

Robert Chamberlain addressed the article. After some discussion Jerry Ouellette moved to amend the article, after which discussion on the amendment proceeded and a vote was taken to amend the article to read as follows:

To authorize the Selectmen to establish a committee of (5) five qualified and interested people to identify and study Jaffrey's class V and VI roads. Said committee to recommend plans to protect these roads for the Town's future enjoyment and to report back at the next annual Town Meeting.

The amendment was passed by voice vote.

The article, as amended, was discussed and then voted upon.

REPORT OF THE SELECTMEN

The main issues that faced the Selectmen during the past year were the current water moratorium and meeting 1992 EPA Surface Water Quality Treatment Standards. Unfortunately, an economical and sound environmental solution still awaits these issues. Test wells have indicated Jaffrey is not blessed with subsurface reservoirs and its future water demands must be met by surface water supplies. Current studies are focused on the Mountain Stream Watershed, Contoocook Lake and the Bullet Pond Watershed. As these watersheds are part of the Contoocook River Watershed which is used by Jaffrey and other towns downstream for treated wastewater discharge, their use by Jaffrey as a water supply is limited due to the volume of flowage needed in the Contoocook. Before we use these watersheds, the State of N.H., Department of Environmental Services has required Jaffrey to conduct a flowage study on the Contoocook which must be done during the dry time of the year (summer - 1991). Due to this study requirement, Jaffrey should be able to receive an extension on 1992 EPA Treatment Standards for its current surface water supplies - Poole Reservoir and Bullet Pond Reservoir.

It is imperative that Jaffrey solve this problem as soon as possible as a plentiful and healthy water resource is necessary for the economic future of Jaffrey.

Other major issues during the past year addressed by the Selectmen include:

- 1 - Initiated joint meeting with Rindge Selectmen and Jaffrey-Rindge School Board for joint long-range planning concerning the two towns.

- 2 - Initiated a Class VI Roads Study Committee to present recommendations as to policies for current Class VI Road use. Committee report is due for March 1991 Town Meeting.

- 3 - A more permanent home for the Jaffrey-Peterborough Court was sought through a joint effort between the state and Peterborough Selectmen. The final decision is made by the state and no decision has been made by the state as of this time.

- 4 - A plan for downtown Jaffrey concerning Route 202 was finalized with the State of N.H., Department of Transportation. This plan will allow for better flow of traffic through the downtown area and will include traffic lights, resurfacing and realigning portions of Route 202.

- 5 - A recycling center has been established at the landfill and is receiving the necessary support by the people of Jaffrey to make it successful. A state grant was received to help offset the cost of this facility.

- 6 - Landfill closure plans have been approved by the state and will be implemented in 1991. Once the landfill is closed, trash will be transported to another state approved site for disposal. This will be an additional expense to the town over our operating our own landfill.

Overall, through the efforts of the Town Manager and all departments of the town, cost of operation for this coming year will not increase. The Selectmen appreciate this effort and realize it cannot always be like this. Hopefully, better economic times are in the future.

The Selectmen wish to express their sincere appreciation to the cooperation and efforts received from all the various boards. They have put in many valuable volunteer hours for the benefit of our town. They have made our job much easier in many areas. To the people of Jaffrey, the Selectmen wish to thank you for your support, recommendations and comments throughout the year.

Respectfully submitted,

Peter B. Davis
Chairman, Board of Selectmen

REPORT OF THE TOWN MANAGER

As 1990 comes to a close we find ourselves and our community in the midst of a economic storm. There is considerable unemployment, property values are falling and confidence in our financial institutions, governments and our future are on the decline.

Despite difficult economic times, Jaffrey remains healthy and strong. The town's financial condition is sound. However, reduced revenues, unfunded state and federal mandates and tax abatements threaten to endanger our future financial well-being.

The year 1990 will be remembered as one of planning and preparation for the challenges of the new year. Among the projects being scheduled for 1991/92 are: improvements to our sewer treatment facilities, preparations to close our municipal landfill and the development of a new water treatment plant to provide enhanced domestic water supplies. While these are indeed costly projects, they will contribute greatly to the protection of our environment and support our community as it continues to grow over the years.

We are taking appropriate steps to reduce the cost of these programs to the taxpayers. These measures include grant support, low interest loans, overall financial management and the trimming of our annual operating budgets. Meanwhile, we are doing our very best to enhance the levels of service expected by more and more people each year with fewer and fewer dollars.

Accordingly, we are pleased to report that our proposed budget for 1991 is less than that authorized for 1990. In times of double digit tax increases, we are fortunate to have been able to maintain a relatively stable (<3.6%) municipal tax rate for nearly four years. Obviously, this trend cannot continue indefinitely.

Jaffrey will weather this storm and will do so with comparatively less pain than many other communities. Our strength is in our sense of community and our willingness to work collectively for the common good. All of us at the Town Offices wish each of you the very best in the new year. Please feel free to stop in or call if we may be of assistance to you during the ensuing year.

Respectfully submitted,

Hunter F. Rieseberg

To the Members of the Board
of Selectmen and Town Manager
Town of Jaffrey
Jaffrey, New Hampshire

We have audited the financial statements of the Town of Jaffrey for the year ended December 31, 1990 and have issued our report thereon dated January 23, 1991. In connection with our audit, we reviewed and tested the Town's systems of internal accounting control and operating procedures to the extent we considered necessary to evaluate the systems as required by generally accepted auditing standards. The purpose of our review of these systems was not to express an opinion on internal accounting control, and it would not necessarily disclose all weaknesses in the system.

In the following paragraphs, we present our comments and recommendations for improving specific aspects of the Town's systems and procedures. We also refer you to the Appendix to this letter which explains the purpose of our review, its limitations, and the professional standards involved.

GENERAL

Typically, a report of this type places a greater emphasis on findings of a critical nature. Therefore, to put our comments and recommendations in proper perspective, it should be noted that the weaknesses observed are not necessarily the result of poor management. Oftentimes, they are due to factors outside the control of the Town's personnel, such as organizational restrictions, budgetary limitations, or inadequate software systems. We have noted many positive aspects of the Town's financial management and procedures which are not set forth in this report.

We are pleased to note that certain previously reported inefficiencies within the Town's internal control structure have been improved or rectified. However, one area that still produces many inefficiencies is internal financial reporting.

The following comments are directed towards improving financial reporting for the Town in addition to exposing some areas of internal control that still appear to be weak.

LETTER OF COMMENTS AND RECOMMENDATIONS

DECEMBER 31, 1990

CONSISTENCY IN FINANCIAL REPORTING

Employer-paid worker's compensation and health insurance benefits were classified and charged as separate and distinguishable line items within the general ledger chart of accounts. In previous years, these items were appropriated and spent out of the various departments of the Town. In addition, the Water and Sewer Fund portion of these expenditures was contained within the General Fund chart of accounts.

This occurrence results in financial reporting inconsistencies when department expenditures are compared from one year to the next.

A considerable amount of time was spent by our audit staff to analyze these transactions in order to charge these items back to their respective departments.

We recommend that these expenditures be charged within the various department budgets. This could entail breaking these costs out by department as a single year/month-end adjusting entry for simplicity as was done by our staff.

MANAGEMENT'S RESPONSE

We concur. The formats required for budgetary presentation differ from those utilized by the State. The problem stems from our efforts to satisfy both reporting requirements. We are initiating discussions with our software vendor to allow for reports in a more suitable format.

ADJUSTING JOURNAL ENTRIES

We noted that the Town Accountant's adjusting journal entries were not kept in an orderly manner and explanations for journal entries were nonexistent.

We recommend that the new Town Accountant keep a book of journal entries with sufficient explanations given to support each adjustment.

MANAGEMENT'S RESPONSE

We concur. The practice of making journal entries was a relatively new procedure for the previous accounting staff member. Current staff members have had extensive experience in this area and have been made aware of the need to keep track of journal entries in the fashion described by the auditors.

CHART OF ACCOUNTS

The current general ledger chart of accounts appears to be in need of many modifications in light of the following findings:

**TOWN OF JAFFREY
NEW HAMPSHIRE**

LETTER OF COMMENTS AND RECOMMENDATIONS

DECEMBER 31, 1990

1. Water and Sewer Funds contain only one revenue account when, in fact, these funds have more than one source of revenue.
2. Balance sheet items are in no order; assets are mixed in with revenue accounts; liabilities are mixed in with expenditure accounts, etc.
3. Major balance sheet classifications are not included in the present chart of accounts.

We recommend that the present chart of accounts be modified to conform with proper balance sheet and revenue classifications in conjunction with the implementation of the soon-to-be published standardized accounting procedures manual for New Hampshire communities.

MANAGEMENT'S RESPONSE

We concur. Management has been aware of these deficiencies for some time and had previously supplied staff with a more complete chart of accounts. Implementation of a more comprehensive chart of accounts has been deferred pending the completion of a new statewide standardized chart of accounts. This chart along with the standard accounting procedures that will follow will be implemented upon completion.

CONTROLS OVER MISCELLANEOUS BILLINGS

Internal controls over miscellaneous billings are weak. Although the revenue associated with these billings are not material in nature to the overall financial statements (i.e., police duty), some thought should be directed to accruing these billings at year end to properly reflect the offsetting revenue associated with certain appropriations and expenditures.

MANAGEMENT'S RESPONSE

We concur. Again, we were aware of this problem and had discussed interim corrections with previous accounting staff. New staff has been informed of this deficiency and will be monitoring the situation more closely.

Implementation of standardized accounting procedures should serve to permanently correct this matter.

FOLLOW-UP ON PRIOR-YEAR RECOMMENDATIONS

Once again the budget used by the Department of Revenue Administration (MS-2) did not show State Aid Water Pollution Control revenues as an offset to the sewer appropriations, thus producing a line item revenue deficiency of \$119,626 in the General Fund. We have discussed the problem in depth with management in order to prevent this from happening again.

NEW HAMPSHIRE**

LETTER OF COMMENTS AND RECOMMENDATIONS

DECEMBER 31, 1990

Our audited figures for the year ending December 31, 1989 were not set up on the general ledger system as was assured us by the accountant. As a result, interfund payables of the Water and Sewer Funds were not paid over to the General Fund during 1990. At the conclusion of this audit, the general ledger system is still open for closing journal entries. We will provide the Town with our audit adjustments, so that they may be posted before the 1990 year is closed.

MANAGEMENT'S RESPONSE

With regard to State Aid Pollution Control revenues, we strongly concur. This matter had been reviewed several times with previous staff.

The current chart of accounts has been changed and emphasis added to deter this problem from reoccurring. Our new accounting staff has been counseled on this specific issue and will be certain to credit revenues properly. It should be noted that no actual financial losses occurred as a result of this misclassification.

With regard to opening balance figures, specific instructions were given to previous staff to implement audited opening balances. Accounts were not closed at the time of the audit due to untimely loss of personnel. All payables have been transferred and the 1990 accounts closed.

TAX COLLECTOR

The Tax Collector did not properly notify the Registry of Deeds within the time frame of RSA 80:70.

We recommend that the Tax Collector set aside a day or so every month to comply with this particular requirement.

MANAGEMENT'S RESPONSE

Although we do not dispute this finding, we feel that it is important that it be put into perspective. The Tax Collector has a long history of timely filings. The late filings occurred during a time when she had *volunteered* to provide coverage for the absence of our Accountant. The workload of both positions made it impossible for her to perform *all* of the required duties in a timely basis. The Tax Collector is aware of this requirement and has since returned to her normal routine which includes timely notification of lien releases.

In closing, we would like to express our appreciation to those persons whose cooperation and assistance during the course of our audit have helped us to achieve efficiencies in completing our audit.

PURPOSE AND LIMITATIONS OF REVIEW

The purpose of our study and evaluation was to determine the nature, timing and extent of the auditing procedures necessary for expressing an opinion on the Town's financial statements. Our study and evaluation was more limited than would be necessary to express an opinion on the system of internal accounting control taken as a whole.

The management of the Town is responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of a system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Because of inherent limitations in any system of internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also projection of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of the Town taken as a whole. However, our study and evaluation disclosed conditions that we believe result in more than a relatively low risk that errors or irregularities in amounts that would be material in relation to the financial statements of the Town may occur and not be detected within a timely period.

These conditions are described in the preceding report and were considered in determining the nature, timing and extent of the audit tests to be applied in our audit of the 1990 financial statements. This report does not affect our report on these financial statements dated January 23, 1991.

The preceding report is intended solely for the use of management and should not be used for any other purpose. This restriction is not intended to limit distribution of this report which, upon acceptance by the Members of the Board, is a matter of public record.

REPORT OF THE JAFFREY PUBLIC LIBRARY

On Sunday, August 12, 1990, at 2:00p.m., the Trustees of the Jaffrey Public Library held an open house to dedicate the town's new library addition. The Friends of the Library handled the arrangements of the open house, which included tours of the building and refreshments. Even the weather cooperated to help celebrate this memorable day.

A plaque was placed at the entrance of the children's library recognizing the generosity of the people of Jaffrey for the addition and renovations of the library. In recognition of Ralph Boyton's bequest of \$45,000 toward the library addition, a plaque in memory of Ralph E. and Sara L. Boyton has been mounted in the archway of the new adult library addition. The Trustees gave a chair in honor of Helen Bean Krause, Chairman of the Building Fund Drive and former Library Trustee for her dedicated support to the library.

The Bean Room was renovated and decorated under the supervision of Bonne Bean Bennett. On Sunday, August 18 at 2:00p.m., a painting of Mount Monadnock by Richard Whitney, done in memory of Barney English, was unveiled in the Bean Room. A lovely reception hosted by Virginia Warfield and Betty Billipp followed.

A notice was received on July 10, 1990 of a bequest of \$1,000.00 from the will of Alice K. Duncan to the Trustees of Trust Funds of Jaffrey; income to be paid quarterly to the Trustees of the Jaffrey Public Library for purchase of books. The Friends of the Library are giving the library a video tape of the Civil War. The gift from the Womens' Society of the First Church in Jaffrey Center was used toward a program by Marcia Sewall. She has won the Boston Globe and Hornbook awards. The program was held November 3, 1990 at 2:00p.m. in the meeting room for second, third and fourth graders. It was a great success!

New furniture for the children's library, meeting room and adult areas have been ordered and should arrive by the first of December. Policy is presently being worked on for the meeting room.

The Hollister Family purchased and gave to the library a beautiful case to house the Warfield Bird Collection. Several people have donated birds in memory of Robert Warfield. Presently there are eleven birds in the collection.

Once again, the children of Jaffrey enjoyed the Little Red Wagon in 1990. The Children's Summer Reading Program, "Get That Reading Rhythm" was a great success. Two local musicians entertained the children during the six week period. One hundred eight-three certificates were presented by Jeanne Burr, Children's Librarian, and given by Trustee Chairman, Betty Shea to the children. Refreshments were donated by the Friends of the Library and a special thanks to the mothers who helped to serve the goodies.

Marjorie Zerbel, a new staff member is a welcome addition to the library staff. James Balentine, a member of the Budget Committee, now provides liaison with Trustees of the Jaffrey Public Library. He attended meetings in September and October as Library Director Cynthia Hamilton outlined the 1991 preliminary budget.

Currently the library is using numbers instead of names to identify borrowers on library cards. This is to comply with a state law protecting privacy.

Trustees, staff and friends represented the library at state, regional and local meetings.

Once again, to our dedicated staff, Friends of the Library, donors, volunteers, the media and anyone who has given their valuable time and support, we loudly say: "THANK YOU"!

Respectfully submitted,

Jaffrey Public Library Trustees:

REPORT OF THE CHIEF OF POLICE

It often is very difficult to correlate the demand for service in hard numbers with the perception that the officers of the department do not do much other than write a few traffic tickets. With that in mind, I would like to help the people of our community try and get a better understanding of what type of resource we are to them as well as the amount of service that we have provided.

During 1990 we undertook a program to help us identify peak demand times and track the numbers of incoming calls at the police station. At the conclusion of the sampling we found that based on data collected, we receive approximately 24,309 incoming phone calls a year at the station. During that time we also tracked the number of times a day someone walked into the police station looking for assistance. We found (again based on the sampling), that we provide service to 10,366 walk-ins per year.

With regard to calls for service, the 1990 statistics reveal a 4.5% increase over the previous year. As I have in the past, please allow me again to define what a "call for service" is. We classify a call for service as "any request for service which requires an officer to physically go to and do something". That call for service can require as little as five minutes to several hours of committed time, or time unavailable for something else. During 1990, the Jaffrey Police Department received and handled 4,453 calls for service in all categories.

Beyond the physical calls for service, we estimate that 20% of the total incoming calls listed above as 24,309 are requests for service which we handle by phone. Factoring that 20% in the calls for service tabulation, the Jaffrey Police Department received and handled 9,314 calls for service for the year 1990.

REPORT OF THE ANIMAL CONTROL OFFICER

Since being appointed to the position of Animal Control Officer in April of 1990 and having the opportunity to serve the Town of Jaffrey on a 24-hour call basis, I have had 355 animal complaints filed. This is up 100% from 1989. Truly this is an alarming figure, but, all complaints were controlled and resolved in accordance with both Jaffrey and State of New Hampshire laws and regulations via warnings, violations and counseling of concerned pet owners.

It is reassuring to see more and more citizens of Jaffrey walking their dogs on leashes as opposed to letting them run unrestrained to spread disease, start new families or be hit by vehicles. As shown in the statistics below, the number of stray animal pick-ups, deceased animal disposal and warnings issued demonstrate that we must continue to work harder for our pets' safety and well-being.

Please be sure to have your dogs licensed during April of 1991, have shots updated and ask your veterinarian about the benefits of spaying or neutering your pets.

1990 Animal Control Statistics

Violations Issued	41	Rabies Check	5
Total Warnings Issued	135	Total Observations	39
a) Unrestrained	85	Miscellaneous Calls	130
b) Unlicensed	16	Total Animal Complaints	355
c) Barking	25	Disposed Deceased Animals	36
d) Nuisance	9	Stray Dog Pick-Up	71

REPORT OF THE PUBLIC WORKS DEPARTMENT

Highway Department

Road Reconstruction:

Bourgeois & Dionne Streets - about 670 feet of these streets were reconstructed. Final overlay of pavement will be applied in 1991.

Drumlin Industrial Park - the entire length of 2600 feet was overlaid with three inches of new pavement.

Old Peterborough Road - from Cross Street to Coolidge Drive about 1100 feet was reconstructed by the reclamation method. The surface drainage was upgraded and three inches of new pavement applied.

Thorndike Pond Road - approximately 3350 feet of the worst part of this road was reconstructed using the reclamation process. New drainage was installed and three inches of new pavement was applied.

Witt Hill Road - about 200 feet regraded and overlaid with three inches of pavement. This completed agreements between developers, the State Department of Transportation and the town.

River Street - after several discussions with the Department of Transportation the final paving work between edge of pavement and curbline was done to complete this project.

Union Street - 242 feet of new 15-inch drainage pipe and a new catch basin were built to replace a failed 24-inch stone box culvert across the B & M Railroad property to Blake Street.

Shim and Seal Program:

Emery Road, Forcier Way, Highland Circle, Highland Court and Parker Road were shimmed with 1" bituminous concrete and refinished with a stone seal coating.

Sidewalk Reconstruction:

North Street (about 760 feet) and Old Peterborough Road (about 850 feet) sidewalks were reconstructed with seven inch relief granite curbing and four foot wide pavement sidewalks.

Drainage culverts and headwalls were replaced on Meeting House and Trotting Park Roads. These improvements reduced flooding and potential damages for residents upstream of the culverts.

Parks, Commons & Cemeteries:

A spring cleanup was conducted with town forces and the State Department of Corrections Work Release Program. We extend our appreciation to residents commenting on the neatness of cemeteries. Every effort will be made to maintain this level of perpetual care.

Conant, Philips-Heil, Baptist, Cutter Cemeteries and the Old Burial Grounds were mowed and bushes as well as brush were trimmed as often as the weather allowed. Sunrise Nursery thinned and limbed trees in the Old Burial Grounds. A new entrance sign was erected at Conant Cemetery. Gravesites were reseeded as necessary.

Commons:

New concrete slabs, wooden benches and landscaping were done at the Town Common. The Recreation Department painted the bandstand.

Sunrise Nursery removed old shrubs and scrub trees, planted new landscape cover and thinned and trimmed trees and shrubs in the Jaffrey Town Common, Library and Charity Square. The water fountain in Jaffrey Center was repaired and returned to service.

Landfill:

In January the town received closure notice from the Department of Environmental Services (DES), Solid Waste Management Bureau, on the town's landfill. This notice requires the landfill be closed by June 1991 and capped by November 1991. The construction and demolition pile must be closed and removed from the wetlands in January 1991. The town retained the engineering firm of Dufresne-Henry for closure plans. We have received approval and permits from the Wetlands Board and Ground Water Protection Bureau. Final approval of the closure plan is expected from the Solid Waste Management Bureau in December 1990. Expected closure cost is estimated at \$1.7 million. The Towns of Fitzwilliam and Dublin withdrew from the landfill cooperative agreement in April of 1990. Jaffrey is pursuing closure costs from these towns as well as other potentially responsible parties.

As a result of a vandalism on Halloween 1989, the town removed approximately 22,000 tires and burnt tires from the landfill.

Recycling Center:

The recycling program had growth in the amount of material recycled and in level of participation. Through resident and industry efforts, the town has achieved a 35% reduction in its solid waste stream. Plans after closure of the landfill include disposal of municipal solid waste through a transfer station and commercial hauler. The recycling program has produced the following amount of materials: clear glass 5.75 ton, amber glass 9.5 ton, green glass 12.75 ton, aluminum cans 6,810 pounds, HDPE plastic 5,775 pounds, PET plastic 1,860 pounds, colored plastic 5,800 pounds, newspaper 87.6 tons, cardboard 5.25 tons and scrap metals 176.75 tons.

Jaffrey Water Department:

The Jaffrey Water Department devoted its efforts this year to produce a program to comply with the Safe Drinking Water Act, as well as to meet the ever increasing demand for water in Jaffrey. DES has required that an integrated watershed engineering study be done. The waste loads allocation for the Waste Water Treatment Facility and Watershed Withdrawal/Reservoir Management Plan must be included in this study before proceeding with improvements to the water system. The town is working closely with DES to accomplish this goal by 1993. We continue water conservation measures and instituted a residential Water Conservation Program, selling conservation kits at the Town Office and in the community. The Leak Detection Program instituted in 1989 has proven successful and will continue to be a top priority.

This year we experienced many water breaks (38) throughout the town; in part as a result of our efforts with the Leak Detection Program.

Four new house services on Howard Hill Road this year. Through the water conservation policy three significant non-residential users (Good Shepherd Nursing Home, American Legion and the Monadnock Plaza/Keene Medical Center), were able to expand their services while still using less water than they had prior to the expansions.

Jaffrey received approval from DES to return Contoocook Lake Well to service on August 3, after being out of service for about 18-months. The permission reduced the approved rated capacity of the well from 350 gallons per minute (gpm) to 135 gpm.

On August 22, while repairing a water leak on Main Street, gasoline fumes were found. DES, Department of Safety and Department of Transportation were notified. At this time, DES is investigating.

Jaffrey was notified September 6th of hazardous waste drums left near Bullet Pond Reservoir. DES, Department of Safety and Rindge Police Department were notified. The site was cleaned and samples taken by Chem Serve for analysis. The results indicated that no hazardous chemicals were present or had reached the water reservoir.

The metering installation program continued in the Town of Rindge. About 20 meter pits are left to be installed and these will be completed by summer's end; 1991.

Waste Water Department:

From February 8 to 22, 1990, Highway Department personnel assisted the Waste Water Department with a major mechanical breakdown of the River Street Pump Station; in addition to their normal ice and snow control schedule. This failure required that the pumps be manned 24-hours per day during this period.

The Sewer Department repaired three line breaks during the year and made four new connections to the collection system.

DES and the Federal Environmental Protection Agency (EPA) approved Jaffrey's Sewer Use Ordinance and the Board of Selectmen adopted this October 24, 1990. DES and EPA also approved the Industrial Pretreatment Program (IPP), which requires Significant Industrial Users to partake in a self-monitoring and pretreatment compliance program. This is to enhance the quality of the Contoocook River and improve the operations of the Water Pollution Control Facility. The IPP, if funded by the rate payers, will go into operation in 1991.

Public Works faced an extremely challenging year with restrictions and coordination by DES. An aggressive reconstruction program is striving to improve our roads while staying within an ever tightening budget. We strive to provide efficient and effective service to the town. The cooperation and understanding of our mission by all residents is greatly appreciated.

REPORT OF THE BUILDING INSPECTOR/HEALTH OFFICER

The following permits were issued in 1990:

Building Permits:	123
a) Residential:	97
b) Industrial/Commercial:	26
Occupancy Permits:	73
Demolition Permits:	3

In addition to permits issued, the Building and Health Department followed-up on 61 complaints in 1990.

During 1990 Jaffrey readopted the building permit requirement and Boca Code at the Annual Town Meeting. These are a part of the Jaffrey Land Use Plan.

The town now has a small library of building and fire code books. We also have many of the rules and regulations on file that are part of the State Department of Environmental Services. We have the soil survey maps of Jaffrey and of Cheshire and Hillsborough Counties and a Munsell soil color chart book used, among other things, to determine wetland soils. The Code of the Town of Jaffrey is in the process of being updated and an informational pamphlet explaining the permit process was developed.

A new building permit application was adopted along with a new permit that is posted at each building site. The permit application documents and preserves the applicant's plans, while the posted permit allows the building inspector to make notes about site visits that inform the applicant about such inspections. This way the applicant does not have to be on-site for each inspection. The inspector can leave detailed notes or follow-up with a phone call outlining any corrections that may be necessary for code compliance.

Please call me if you have any suggestions or questions about the building permit process at 532-7445.

REPORT OF THE RECREATION DEPARTMENT

During 1990 the Jaffrey Recreation Dept. attempted to continue its high level of programming and services. We evaluated operations regarding recreation programming, budget, facility procedures and long-range facility improvements and worked hard to provide recreation support services to the community, organizations and school athletics. We are proud of the major programming and facility improvement accomplishments noted below, and are very pleased with the great number of participants and volunteers that support our programming.

1. The Recreation Dept. provided administrative and organizational support to Babe Ruth Baseball, Tri-Mountain Softball, Jaffrey Jenny Softball, Silver/Emerald Valley Basketball Leagues, Sunshine Twirlers Square Dance Club, Monadnock Chess Club, and other community recreation or sports organizations; accumulating some 685 service hours (86-days). This reflects 33% of the recreation staff's time.

2. In working with Jaffrey Friends of Recreation, about \$3,225 in equipment and sponsorships were donated to the Recreation Dept. They financially supported youth sports activities (basketball, track, etc.) and special events (school vacation, holidays), while conducting their own activities for the community (rollerskating, etc.), and supporting other agencies with just under \$2000 of services. Please assist by being an active member of the Friends of Recreation, to keep community recreational activities alive and affordable.

3. Successful volunteer coach training clinics through NYSCA for youth sports are continuing. These may satisfy compliance to the N.H. State Law regarding sport volunteer civil liability.

4. The John Morgan 5-Mile Classic Road Race hosted 118 runners from four states this summer. Jaffrey Halloween activities were highly successful: windows were painted beautifully, hundreds attended the Party and five winners received prizes for the Goblin Give-Away Contest. The 11th Annual Jaffrey Christmas Fair saw all available spaces sold out before Thanksgiving, and was well attended - even by Santa himself! The Tree Lighting Ceremony and Santa's Calling and Letters were conducted and the town's Christmas Decoration Contest was revived after a three year absence.

5. Supported by Monadnock Bank, the Bandstand Summer concert series attracted over 500-townsfolk and visitors at each event.

6. Facility improvement projects included landscaping and electrical work at the skating rink, purchase and repair of picnic tables at various locations, fence repairs and rebuilding lifeguard stand. New grills were donated by Monadnock Fabricators and will be installed at the Shattuck Park Town Beach on Thorndike Pond for the 1991 season.

7. The Committee and Staff, in its commitment to upgrade recreation facilities, started planning a major rehabilitation project at Humiston Field. This proposal includes new dugouts, restrooms, concession stand, drainage improvements, sports lighting, flagpole, scoreboard, pedestrian safety and more. After receiving a conceptual plan and cost estimate from an engineering firm, a fundraising plan and project priority list was established. N.H. Ball Bearing was the first industry to kick-off the campaign to raise funds for the

project, while the Town applied and was selected for the LWCF federal matching grant to supplement funding and reduce the local burden.

Recreation Dept. activities vary yearly based on the need and desires of Jaffrey residents. We have summarized our 1990 programs below; giving participation figures. To best provide recreational activities and services to Jaffrey residents, we seek your constant input and suggestions, as well as volunteer assistance so we may develop and execute a well-rounded program for the community.

The Recreation Dept. & Committee wish to recognize all of the community organizations, merchants, industries, businesses and shops for their continued unselfish support of recreation activities; all of whom town residents should be proud of. We also salute the literally hundreds of volunteers gave a most precious gift to our community and its people - TIME! We are inspired by your dedication and sense of caring for the community.

With our Humiston Field Improvement Project moving aggressively, the Recreation Dept., Committee and those who use the facility are very excited with its eventual outcome! Many other new challenges lie ahead for the upcoming year. We are well aware of the state of the economy and will make every effort to provide quality activities to Jaffrey residents at minimum cost while remaining completely SELF-SUPPORTING for programs and activities. Our 1991 our goals are to:

1. Assist to develop a self-supporting community center,
2. Move forward with the Humiston Field Rehabilitation Project and continue facility improvement projects and planning for the town; using private and public resources,
3. Solicit input from the community on activities so as to offer a well-rounded slate of programs and activities for all residents,
4. Foster school and town relationships with recreational and athletic services and public facility use,
5. Implement the Risk Management Plan for volunteer and staff training, facility and equipment safety and program implementation.

Please make a difference in someone's life or in the community. Take time to volunteer to help your neighbor by being involved in recreation activities and facility improvements in your community! Nothing feels better then the satisfaction one receives from people helping people. Take time to care about the natural resources right outside our door... lakes, mountains, parks and open spaces. Please support us, as you have in the past, with our efforts to provide quality recreation activities and services in the Town of Jaffrey.

REPORT OF THE OVERSEER OF PUBLIC WELFARE

This being my first year as Welfare Director I have found the year extremely busy, yet very rewarding.

Jaffrey provides General Assistance pursuant to RSA Chapter 165 for all persons requiring aid. In addition to budgeted General Funds, Jaffrey is fortunate to have the following Trust Funds for use by residents in need of assistance: Dorothy F. Badger, Luigi Cilli, John Conant and Warren.

Listed below is the breakdown of both Trust and General Fund expenditures in 1990:

EXPENSE BY FUND:

BADGER	20893.74
CILLI	4331.47
WARREN	342.59
CONANT	568.49
GENERAL	5528.88

UTILITIES	12.87%
OTHER	.32%

TOTAL: 100.00%

As a sign of the times, our budget was exceeded a bit in 1990. Faced with a poor economy people are having a difficult time finding and keeping jobs. Unfortunately, the state was overwhelmed with cases this year and became bogged down. In some cases took three months or more for the state to assist those in need which put a heavy burden on the towns of New Hampshire; Jaffrey was no exception.

Even under such strenuous conditions, the fulfillment of my position comes from those in need working hard to improve their situation and in many instances, "paying back" our community monetarily or through some service. Also gratifying is to see the residents of Jaffrey donate so much to others at Thanksgiving and Christmas time. Their efforts and generosity make the hard times easier and it keeps us all optimistic that the tide will change for the better. Until then, we at the Town Offices are here to assist in any way we can.

REPORT OF THE PLANNING BOARD

Planning Board activities for 1990 included the following:

- Seven subdivisions
- 18 site plan reviews
- Four technical subdivisions
- Two requests for building permits on a Class VI Road

Of the 29 new applications submitted to the Planning Board in 1990, 25 were approved, two were denied and two are pending. Despite the slowdown in real estate development the Planning Board was busy in 1990. Along with its regular case load the Planning Board:

- completed the Master Plan,
- completed an Impact Fee Ordinance for adoption by the town at Town Meeting in March 1991,
- simplified the application process by standardization,
- expedited the review process by implementing a completeness review prior to an acceptance hearing by the Southwest Region Planning Commission,
- began work on a Watershed Protection Ordinance for Jaffrey,
- made an extensive analysis of town mapping resources,
- began analysis of a new "Lot Size by Soil Type" draft ordinance for possible adoption by the town.

In 1991 the Planning Board intends to take up the following matters:

- recommend for adoption at Town Meeting in March 1992 a Watershed Protection Ordinance,
- continue to review site plan and subdivision regulations for possible simplification and clarity,
- update Mater Plan where appropriate,
- develop procedures to integrate the Master Plan in the application and review process,
- continue working for simplification and standardization of procedures,
- recommend mapping options mainly in connection with the production of a composite tax map,
- conclude review of Lot Size by Soil Type Ordinance,
- review Major Residential Development Ordinance and make possible recommendations for improvement.

Chairman

REPORT OF THE BOARD OF ADJUSTMENT

Requests for Variances and/or Special Exceptions as provided by the terms of the Town of Jaffrey Land Use Plan are normally scheduled for Public Hearings on the first Tuesday of each month. Date, time and location of each Public Hearing is contained in the Notice of Public Hearing which is posted in two locations as well as being mailed to all applicants and abutters. Applicants appear at the Public Hearing and state their case after which time the board conducts a Site Review, followed by the decision of the board.

In 1990 the Jaffrey Board of Adjustment received 18 applications for Variances and/or Special Exceptions. One case was withdrawn by the applicant and one case did not require Board of Adjustment relief. Of the remaining 16 cases, six were requests from Permitted Uses, eight were requests from Setback Requirements and two were requests for relief from Wetland Regulations.

The Board of Adjustment granted 14 requests and denied two requests; which amounts to a figure of eighty-eight percent (88%) granted and twenty-two percent (22%) denied.

Completion of Board of Adjustment business each month is accomplished by appointed members who dedicate their time and effort on a voluntary basis. Compensation comes only in the form of gratification knowing that they are doing their part to make Jaffrey a better town to live in.

My special thanks to the Board Secretary, Joanne Johnson, who each month exceeds her duties by helping applicants gather the required information as well as aiding in completing the application form. Joanne's dedication to accuracy and attention to detail insures that all board business is completed on a timely basis each and every month.

As always, the Board of Adjustment invites and encourages all interested parties to attend our Public Hearings. In some cases the applicant's request affects more than just the abutters and may affect the entire district or the town. Input from all interested parties is encouraged and appreciated.

Respectfully submitted,

Christopher A. Struthers
Chairman

REPORT OF THE JAFFREY CONSERVATION COMMISSION

This year saw the commission working in concert with the Planning Board to review and recommend changes in the town's wetlands codes. These changes were accepted by being voted on by our residents in March and provide protection of our wetlands by soils designations and not setback requirements from a high water mark.

A focus during this past year has been on education within our community. The commission sponsored a "mini-grant" program for the Jaffrey schools and this was used to focus our youngsters' attention to the importance of recycling. The Conservation Commission worked with the Concerned Citizens of Jaffrey in co-sponsoring a number of speakers that provided insight into the importance of ground water resources and methods of protection, wetlands protection and ideas for the future in zoning protections of our natural resources. These evening meetings were well attended.

This past year saw the State Wetlands Board take action in a number of separate cases in the Town of Jaffrey. These included fines, and in some instances, removal orders. It is this commission's policy to work with land owners and to offer guidance in the dredge and fill process.

We are currently working on a Prime Wetlands Study for our town and hope to report to you this time next year that this has been completed. This will provide greater protection of our valuable wetlands.

The Conservation Commission meets at the Town Office Building at 7:00p.m. on the last Tuesday of every month and encourages resident participation.

Respectfully submitted,

Ronald M. Reid
Chairman

REPORT OF THE HISTORIC DISTRICT COMMISSION

During 1990 the Jaffrey Historic District Commission held 11 regular meetings, joint meetings with the Jaffrey Historical Society and the Jaffrey Center Village Improvement Society; plus several work sessions on special projects.

Four applications were received; one was withdrawn by the applicant and the others were approved subject to certain conditions.

The commission expended its \$100.00 annual appropriation. Application fees totaling \$20.00 were turned over to the town leaving a net expenditure of \$80.00.

The commission completed its third Certified Local Government Grant Project which entailed locating, mapping, photographing and describing 30 archaeological sites. The commission was approved for a grant to show Jaffrey as it was and as it is now. Old photographs are being collected and cataloged and when complete, photographs will be taken from about the same location to show "Jaffrey Then and Now". This endeavor will be preserved in book form and available to groups or individuals at a reasonable cost.

Members of the commission attended various regional and national meetings; including The N.H. Association of Historic District Commissions, The National Trust for Historic Preservation, The Inherit N.H. Annual Town Meeting Conference and The N.H. Historic Resources Workshop. Members participated in the continuing Baptist Cemetery cleanup and restoration, the annual cleanup and beautification of Jaffrey Center and preparations for the partial rebuilding of the Jaffrey Center Horse Sheds - done in conjunction with the Village Improvement Society.

In October, with financial help from the Town of Jaffrey, the Historical Society and the Village Improvement Society hired consultants to check and evaluate the condition of the Meeting House. This entailed carefully inspecting and photographing the entire building from the spire to the foundation; including the exterior and the interior. A detailed report was submitted that detailed the extensive work needed to preserve Jaffrey's best colonial treasure.

All residents are reminded that the commission's regular monthly meeting is on the first Thursday of each month at 7:30p.m. in the Town Office Building. Questions about procedures may be directed to, and application forms obtained from, the Chairman or Secretary.

Respectfully submitted,

George H. Cox
Secretary

REPORT OF THE OLD BURYING GROUND COMMITTEE

Wright Tree Service of Jaffrey was low bidder for the following tree work to be done in the cemetery:

- One large dead Maple tree was removed,
- One small Maple tree located close to the Horse Sheds was removed,
- A large number of "Widow Maker" limbs were removed from eight trees.

Total cost of this job: \$650.00

Keene Monument Company continued the annual maintenance on grave stones.

- 16 were straightened,
- Five broken stones were repaired with epoxy.

Total cost of this job: \$218.00

Andrew Webber of Jaffrey did a fine job building an old style gate for the southeast entrance of the cemetery.

Total cost of this job: \$244.00

Three lots were sold this year:

- Lot #240B - 8'x 8',
- Lot #605B - 10'x 10',
- Lot #365A - 6'x 8'.

Total receipts from sales: \$1,684.00

Virginia W. Hunt retired after 17-years of service on the committee. Diana Gallup was appointed by the Jaffrey Board of Selectmen to fill the vacancy.

Respectfully submitted,

Charles W. Bacon, Jr., Chairman

REPORT OF THE MONADNOCK ADVISORY COMMISSION

TO THE TOWNS OF:

Jaffrey, Dublin, Marlborough, Troy and Fitzwilliam

The 1990 session of the State Legislature gave the Monadnock Advisory Commission a new "charter" and definition of the Monadnock highlands to include Little Monadnock in Fitzwilliam. The commission includes two members from each of the five towns and is required to report annually to the towns on its activities and concerns. During 1990, the commission has been actively involved in developing policies to guide future management and development activities on those lands owned and leased by the State of New Hampshire; currently totaling 4,635 acres.

The purposes of the Monadnock Advisory Commission are:

- I. Guide the department of resources and economic development planning efforts to ensure the integrity of this National Natural Landmark.
- II. Assist the department in the formalization and adoption of a long-range plan.
- III. Recommend specific management policies and practices.
- IV. Assist the department in acquiring lands and rights in land.
- V. Meet at least annually.
- VI. Report annually to the commissioner on any threats to the integrity of these lands.
- VII. Issue an annual report to the communities.

We would welcome your thoughts about the preservation of these unique highlands.

Members of the Monadnock Advisory Commission are:

Jaffrey:	H.C. Royce, Peter Davis
Dublin:	Betsey Harris, Bruce McClellan
Marlborough:	Renie Linders, James Everard
Troy:	William Mattson, David Adams
Fitzwilliam:	Donald Crutchley, Thomas Parker

Respectfully submitted,

H.C. Royce
Chairman

REPORT OF THE CLASS V AND CLASS VI ROADS COMMITTEE

The Roads Committee, comprised of five members appointed by the Board of Selectmen, was established by the voters at Jaffrey's Annual Town Meeting in March of 1990.

The committee was instructed to locate and identify all Class V and Class VI Roads within the Town of Jaffrey. The committee began its work in the spring of 1990 and concluded its investigation in January 1991. The committee was unable to complete its charge to investigate Class V Roads due to the amount of research devoted to Class VI Roads.

As a result of the committee's investigations, 27 Class VI Roads scattered throughout the Town of Jaffrey, with a total of approximately 16-miles were located and verified. These roads crisscross a variety of terrains and many offer access to unique and historic areas. With regard to these unique factors, plus the recreational value these roads present, the committee recommends the following:

a. All Class VI Roads be closed to all vehicles during mud season without the expressed permission of the selectmen.

b. A fine is recommended for obstruction of any Class VI Road (\$100.00 per day).

c. Fines are recommended for damages to Class VI Roads.

d. It is recommended that funding for the maintenance of fire lanes on Class VI Roads be investigated by the Selectmen; especially roads around Gap Mountain and Mount Monadnock.

e. Have lot and range numbers of these roads included on all future maps.
